

eni i-Sint tech OW-30

eni i-Sint tech OW-30 is a fully synthetic engine oil with reduced HTHS for those vehicles of the VW Group with LongLife-Service for flexible oil drain intervals which require a lubricant meeting the Volkswagen 503 00 + 506 00 + 506 01 service specification.

CHARACTERISTICS (TYPICAL FIGURES)

SAE Grade		OW-30
Density at 15°C	kg/m ³	865
Viscosity at 100°C	mm ² /s	9.7
Viscosity at 40°C	mm ² /s	53
Viscosity Index	-	160
Viscosity at -35°C	mPa·s	6000
Flash Point (open cup)	°C	220
Pour Point	°C	-39

PROPERTIES AND PERFORMANCE

- Characteristics for the product are: excellent wear protection, excellent flowability at low temperatures, optimum lubrication also at the longest oil drain intervals, reduced HTHS viscosity which allows maximum reduction of fuel consumption.
- This product is not recommended for every type of vehicle. Please observe the manufacturer's specifications when selecting products.

SPECIFICATIONS

eni i-Sint tech OW-30 is officially approved or meets the requirements of the following services and specifications:

- VW 503 00 + 506 00 + 506 01
- ACEA A5/B5-04
